Forecast For Strathclyde
Issued by Met Office Aberdeen
at 0400 on Tuesday 25 May 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Sunny periods developing along with scattered showers.

Today:
Rather cloudy start this morning, soon becoming brighter with sunny spells developing. Scattered showers breaking out later this morning, dying away again early this evening. Feeling a little warmer in the sunshine. Maximum temperature 15 deg C (59 deg F).

Tonight:
Dry with clear periods at first, then becoming cloudier overnight. There will be a little rain later tonight, especially around Glasgow and over Lanarkshire. Minimum temperature 6 deg C (43 deg F).

Wednesday:
Becoming brighter with sunny spells developing. Once again some showers will break out but it will be dry for much of the time. A warmer day with lighter winds. Maximum temperature 18 deg C (64 deg F).

Outlook for Thursday to Saturday:
Dry, bright and warmer with light winds and some sunshine. However there will be cloudy, damp conditions for a time on Friday.
